Dear Golf Members - Starting next year, there will be a few changes to the GHIN handicap system. Everyone will need to have an email address attached to their profile in the GHIN system. I'll do this for you, but I'll need each of you to send me an email from the account that you want to use. Please write "Add email" in the Subject line. My email address is jbranham@elkinslake.net.

Please read the message below and Q&A from Texas Golf Association.

Beginning in January 2021, to improve data security and golfer privacy, golfers will need to create a digital profile to post scores into GHIN using the GHIN Mobile App and at www.ghin.com.

In order to create a digital profile, golfers will need to have an email address in their golfer profile before January 2021. To have your email address input into your GHIN record, please send an email address to your Elkins Lake Golf Club staff. If you already have a unique email on file and don't share an email with a relative or spouse, you do not need to do anything else.

Below is some additional information and frequently asked questions:

Q: Why and when will I need to create a digital profile with a unique email address to log into the GHIN mobile app and ghin.com?

A: In order to improve data security and golfer privacy, golfers will need to create a digital profile to access and post scores via the GHIN Mobile App and ghin.com beginning January 2021. Users are required to have a unique email address to create a digital profile and access post scores via the GHIN Mobile App and ghin.com.

Q: How do I add my email address to my profile so that my digital profile can be created?

A: Request ELRC golf shop staff to update your profile within the USGA/GHIN Admin Portal.

Q: In January 2021, how will I access the GHIN mobile app and ghin.com with my digital profile?

A: When creating a digital profile, you will set a password for your account. You will then log in to the GHIN Mobile App and ghin.com with your email address or GHIN Number and the password that you created.

Q: I share an email address with my spouse/partner, can we log in with the same email address?

A: No, only one digital profile can be tied to one unique email address. The first person to set up a digital profile will "claim" that email address. Another email address must be provided for the other golfer.

Q: Will I be able to post a score for my child?

A: Yes, Elkins Lake Golf shop staff can assign you as a guardian for a child. When GHIN launches the digital profile feature in January 2021, you will log in and see a "Change Golfer" link on the GHIN Mobile App and ghin.com. Here, you can change who you are viewing/posting scores for.

Please contact your professional golf staff with any other questions. You can email Joey at
