## WHAT I LOVE ABOUT MY HOME

- The huge front yard that's big enough for Ultimate Frisbee games, touch football, etc.
- How nice and stately the house looks from the street – classic red brick / white trim
- How our house is not bunched up together with neighbors that are too close
- Interior of home is big enough that I can send each kid to his own room and shut the door
- How it's NOT the “open concept,” but enables privacy-loving people to get away from others
- Huge laundry room that allows clothes to be folded, sorted, and put away
- Huge kitchen pantry and spill-over laundry room closet that can be a second food pantry
- Pretty glass cabinets in the kitchen
