

LYNN ENGINEERING

Date: February 3, 2021

To: Ron Stevenson
Approval Letter

Re: 833 W Bayshore Dr (Addition)
Palacios, Tx

To Whom It May Concern

The letter is written to confirm that the above referenced project was designed to meet the 120 mph, 3 second gust wind speed requirements per the 2018 International Building Code. Inspections were performed, and the project has passed. This letter is written as assurance that the project has met all the criteria needed to obtain insurance.

If you have any questions or require any additional information, you may reach me at the numbers listed below.

Respectfully submitted,

N. Mitchell Carrillo, P.E.
