

201 Stonewall Dr

Owners of this home since 1995

2004 Waterfall was added to pool along with resurfacing

2010 Rock added to fireplace, hall bathroom renovated and all toilets replaced

2011 All windows were replaced with double pain energy efficient windows by Window World with a lifetime warranty. Transferable to new owner

2017 Media room created by making two rooms one upstairs, black walls, red pen stripes, crown molding with a dry bar with granite. Also there is a SECRET room in the media room.

Two 17 Seer HVAC (AC/Heating) systems were installed

Pebble rock was poured all throughout the pool area in the backyard and a Palapa was build with storm bolts to withstand hurricanes. Palapa offers electric plugs, TV, large fan and lights and a swing.

New driveway was poured and a third parking spot was added, this is a great feature for more parking and could potentially fit boat inside fence.

Huge 16' x 8' shed built on a slab with windows for extra storage or workshop

Kitchen was completely updated including cabinets, opened up the ceiling and added skylight

2018 The electric panel was replaced by a licensed master electrician.

2020 Upstairs bathroom a large soaking tub was installed along with new granite countertops, All new flooring upstairs and downstairs with porcelain. Garage floor was done in epoxy.

2021 Gas was installed along with a brand new gas stove/oven with drop down pendant lighting in kitchen, wall was knocked out next to breakfast area to open up the floor plan and bar was added with granite and cabinets. Master bathroom was completely renovated with granite countertops, walk in shower with seating area and new high toilet. Fresh paint in all rooms recently
