

GALVESTON'S

# Premiere Condo Lending Source

A condo does not require the same type of upkeep as owning a house. If you hate mowing the lawn, pulling weeds, repainting the house, or doing other chores associated with homeownership, it simply makes more sense to buy a condo. If it's your first home, your retirement home or just a great investment.

In Galveston, there are two things to always remember. The beach is your backyard and we want to be your premiere condo lender on the island.

## Prosperity Bank Offers Galveston Condo Buyers:

- Inhouse/Portfolio Condo Financing
- Non-warrantable condos OK. Primary, 2nd home and vacation home
- Condotels OK – Purchases for 2nd residences only  
Buyers must own a primary home in Texas
