## PERRY HOMES™

*This Executive Class home contains over 3,900 square feet and includes five bedrooms and three and a half baths.*

Both formal are set at the front of this design for entertaining.

PLAN 3992

A full bath with separate vanities is conveniently accessible to both secondary bedrooms.

An upstairs game room offers a separate children's play area.

An upstairs library with built-in bookshelves is a perfect at-home office.

Not included: standard sized bed/dresser, refrigerator, furniture, drapery, plants, artwork, and all other personal property brought in under license. Builder reserves the right to make changes in the plans and
