## WHAT I LOVE ABOUT MY HOME

- All the bedrooms are good sized
- It is located on a cul de sac street
- The backyard is large and big enough for a pool/swing set/trampoline and allows for the kids/dog to have plenty of running around space
- The downstairs is open concept but you also have private space upstairs
- The master bedroom is close to the secondary bedrooms for those families with little kids and it makes it easier to spy on your teenagers
- The laundry room is upstairs and close to all the bedrooms. No dirty laundry laying around the kitchen.
- Large gameroom upstairs to keep all the toys out of sight and/or allows for teenagers to have private hang out space
- You can watch tv downstairs and upstairs at the same time and not worry about the sounds of the tv's competing
- The neighbors are awesome
- Golf course community that allows for enjoyable walks
