WHAT I LOVE ABOUT MY HOME

- We love all the natural light that brightens the open concept living/dining room
- We love the quick access to the hike and bike trail for walks where we have met many of our great neighbors
- The front yard space is the perfect amount of yard for our 2 year old and dog to run around
- We love that we are walking distance to multiple parks, shops/restaurants @ the MKT & Heights Mercantile, and other restaurants like Loro & Trattoria Sofia
- Love the ability to host and entertain family for holiday dinners and family events on the spacious 2nd floor
- Love the high ceilings in our primary bedroom
