

*Simply Exceeding Expectations*

## TOP FEATURES ENJOYED MOST BY OWNERS

• The backyard is one of our favorite places. Sitting on the back porch with family and friends visiting, or watching a beautiful sunset together, it has been our oasis. We have played games, entertained, and trained dogs in this large space. We have also seen a lot of wildlife in the pasture.

• We fell in love with this house because of the open floor plan. We have held countless celebrations with friends, family, and the occasional neighbor. We have been able to entertain from the kitchen while prep work, and have games without feeling cramped or left out.

• The master garden bath tub is its own retreat. It has provided lots of "me" time. The large ledge has held a refreshing glass of water and a book more than I can count.

• The second driveway was a great addition. It opened up the ability to access the backyard, and added additional parking for parties and long visits.
