Lamar CISD is proud to be the fastest-growing district in the state of Texas. In fact, demographers project that our community will add more than 48,000 new single-family homes within the next decade.

To keep up with our growth, we are frequently building and opening new schools—while regularly reviewing and monitoring enrollment.

Due to the growing student population that has resulted from new growth and development in the area, the district has enacted a cap on enrollment for students in grades 1-5 for Hubenak Elementary and for students in grades Pre-K-5 for Huggins Elementary effective September 22, 2022. This decision allows class sizes to remain at acceptable levels while not overloading instructional programs at the campus.

This enrollment cap is a temporary solution while the district continues to work towards building new schools in the area.

Families with students moving into the Hubenak Elementary zone will be rezoned for McNeill Elementary located at 7300 S. Mason Rd for the 2022-2023 and 2023-2024 school years. Transportation will be available to these families.

Families with students moving into the Huggins Elementary zone will be rezoned for Morgan Elementary located at 32727 School Hill Rd. for the 2022-2023 and 2023-2024 school years. Transportation will be available to these families.

Parents may click [HERE](#) to start the enrollment process online.

If you have any questions about enrolling a new student at Morgan Elementary, please contact [Catherine Noriega](#) at 832-223-6200.

If you have any questions about enrolling a new student at McNeill Elementary, please contact [Mindy Gonzalez](#) at 832-223-2800.
