

*Simply Exceeding Expectations*

## TOP FEATURES ENJOYED MOST BY OWNERS

- We like the openness on the 1st floor, which has easily accommodated family gatherings. We can expand the dining area easily. We've enjoyed having grandkids for sleepovers and playdates.
- Having 2 floors gives us space to spread out and enjoy our own activities. We really appreciate the spacious master bedroom.
- This is a friendly neighborhood, with easy access to bike trails and parks. Our grandsons love walking to the park on Northway to play.
- Northway is a relatively peaceful street and the woods along the back of the property give us a private view and space to enjoy.
- The back garden requires very little maintenance with minimal yardwork. The HOA has always been very responsive to questions.
- We enjoy exploring Alden bridge and Cochran's Crossing on our bikes!
