THE AMERITEX DIFFERENCE

By equipping our homes with the latest energy-efficient technology, durable building materials and warranted workmanship, Ameritex Homes® is able to achieve a superior H.E.R.S. energy rating, increased cost savings and minimized energy consumption than the average household.

Ultimately with an Ameritex home, you are receiving the newest building materials and modern finishings designed to make living more comfortable and efficient all while reducing long-term costs.

We call this the Ameritex PinECone Advantage.
