

Note from Sellers - What We Love
18015 Alora Springs Trace

Since move in day, we've loved everything about living in the Alder Trails community. Safety is the most important thing to our family and this home has given us that. Living on a calm, quiet cul de sac has brought us so much comfort while raising a young child. We have the best neighbors that have become great friends. Our home is surrounded by kind, helpful people that are committed to looking out for one another! Our family has loved the location of Alder Trails. There are many walking paths nearby, along with a playground and small lake. Townlake is also nearby and provides loads of entertainment and fun to everyone of all ages.
