WHAT I LOVE ABOUT MY HOME

- Surrounded by woods! Our house faces the beautiful season changing trees.
- We live in a safe and loving community.
- The convenience of driving to nearby small owned businesses is the real cherry on top.
- Being tucked away in “the back” of the subdivision is quiet & peaceful.
- Family walks and trails are steps away.
- The Palm and all the community events hosted are
- minutes away, including the community swimming pool (we like to say resort)
- The size of the master bed & bathroom is what sold us, and by far our favorite part.
- All the counterspace in the kitchen make for family time together all worth the hard work while cooking.
- We love the water softener we added in 2022.
