## **Things We Love at 9310 Briar Forest**

- The Crepe myrtle path entry to the private, outdoor gated courtyard is an amazing feature.
- We loved waking up and drinking coffee on both our private bedroom outdoor deck, and our back patio overlooking the Bayou.
- There is an abundance of wildlife to observe from the back deck. There is a family of bald eagles that have nested that we love to watch.
- Woodlake Forest is a secure community with great amenities and ample guest parking.
- We love cozy nights next to the Wood Burning fireplace. Even better for Christmas time!
- Less than 10 minute drive to Memorial City Hospital, City Centre, Energy Corridor, Beltway 8 or I-10.
- Close proximity to Kinkaid, Second Baptist, and a handful of other schools and daycare centers.
- A walkable neighborhood with friendly & caring neighbors!
