

## Sellers: Take Control to Sell Your Home Quickly With Supreme's Lock N' List Program!

Sellers and buyers alike are laser-focused on interest rate fluctuations when making the decision to buy or sell a home. Supreme Lending's Lock N' List program gives sellers the advantage of locking in an interest rate for 90 days and then buying down the rate to attract more buyers to their home. This program is ideal for sellers who need to sell their home quickly or buyers whose home has been on the market for a while.

**How do buyers benefit?** With the added peace of mind knowing the advertised rate will not change prior to purchase, buyers enjoy a lower monthly payment for the first two years of their mortgage as result of a 2% rate reduction in the first year of their mortgage and 1% reduction the second year. There is no additional cost to the borrower!

Bonus benefit for buyers: When rates drop, buyers can get even more savings by refinancing with the new rate and reducing their monthly mortgage payment.
