

Things We Love About Our Home

- It is right down the street from the neighborhood park and pool!
- The Castlewood Park across from Friendswood High School is a great place for kids' birthday parties.
- The HOA sponsors events for kids at Easter and Halloween – lots of fun for all!
- Having a guest bedroom downstairs is fantastic for guests who cannot climb stairs. Our parents love it!
- We love our open floor plan that is great for entertaining our large family!
- Our daughter loves her extra-large bedroom upstairs!
- The schools are the best schools around! Our kids have loved Westwood Elementary and Bales Intermediate! The teachers and administrators are great!
- We have great neighbors! Some of our neighbors are original owners and others have moved in recently. They are all a friendly bunch of folks who look out for each other.
- The kids love having playmates close by.
- We love that we can put up a 12-foot Christmas tree in the curve of the staircase. It is quite impressive!
