

# A note from the seller...

Welcome to Woodvale Drive! Living in this home has been a wonderful and memorable time of growth and adventure for our family. We are a family of 4 with a 2 year old and a 4 month old so we love spending our free time and weekends exploring new parks, going to the beach or just being outside! We bought this house just us two and this is where we first brought our children home to; this is where we became a family. The love that has been built into this house is unmeasurable. After much thought we have decided to spice up our life and move to Florida to see what the East Coast and beach life have to offer us!

In our time here, we have LOVED so many things about our home but our favorite parts have been the large yard and covered patio and great, quiet neighborhood. With 2 neighborhood parks and the walking trails we never run out of room to play! We've thoroughly enjoyed having quick access to Baybrook for shopping and restaurants and all that Friendswood has to offer as well.

While it's time for our family to move on, Woodvale will always have a special place in our our hearts and we hope it's the same wonderful, memorable sanctuary for the next people to call it home.
