

## **Things We Love about 2203 Dorrington #404**

- Location! I loved this unit with all my heart. I worked at Rice Village so it was an easy commute to work; Less than 2 miles to The Village, Rice University, The Medical Center & some of Houston's finest restaurants & shopping.
- Easy access to Main St (which runs straight through town), Hwy 59, The 610 Loop, South fwy 288, and minutes from Downtown Houston.
- This unit sits on the 4th floor (top floor) of the complex. Great views, responsive management company, complex amenities & quiet floor.
- The Serento Complex features a community terrace, workout room, dog run, and private parking garage.
- Some of my favorite features about Suite 404 are the french doors leading to my private patio, open floorplan & primary bath I was able to personally design. I hope you love it as much as I do!
- I loved waking up and drinking coffee on my private patio overlooking the City.
- A walkable neighborhood with friendly & caring neighbors!

Welcome Home!
