

Why We Love Our Home

Our big bedrooms!

The high ceilings

All the lighting throughout the house

Waking up to a view of the trees from our bedroom

When we take breaks from working, we look outside, see the leaves blowing and it's so peaceful.

Love how big our yard is for our kids to run around.

We enjoy that we can all be together while we cook and the kids are close by in the living room watching tv.

It's very pretty to drive home and see all the deer that come out in the neighborhood

There's a pool, park, basketball court, tennis court and a lake!
