Features

- Circular driveway.
- Three-car garage with climate-controlled storage room, connected to the house.
- Separate, free-standing ice machine next to kitchen sink under the countertop.
- Storage shed in backyard for lawn and/or pool equipment.
- Spacious sunroom off kitchen/breakfast room area with a separate door to the long front porch with its custom railing.
- The creek never came up in the yard during Hurricane Harvey.
- Four bedrooms/four bathrooms (one is half-bath) with two entertainment rooms upstairs, one of which could be a fifth bedroom.
- Large back porch ties into a covered deck with a beautiful rock fireplace and heated pool/spa, great for relaxing and entertaining.
- Large primary bedroom with door to back porch and pool/spa area.
- Front door opens to a large dining room and study with French doors.
- The huge, open back yard awaits a gardener's/landscaper's imagination from fruit trees to a vegetable garden (we've had it all over the years, including a wildflower grove; it's pretty open now for new owners to have fun with!)
- Warming drawer in kitchen
