

## We Love 602 Muirwood Lane

There are several reasons we've loved our home at 602 Muirwood Lane. The neighborhood is quiet and peaceful and centrally located to shopping and restaurants. There are two different parks located within a short walking distance, each of them with tennis courts and playgrounds. We have really enjoyed them with our grandchildren. The park on 7th Street has a pool which is included in the HOA. We've enjoyed daily walks around the neighborhood and through Old Town Sugarland located only two blocks away or around the park. The house has been very comfortable and the layout is great for entertaining as the living area is large and open to the kitchen. The principal bedroom and bathroom are a good size. The remaining two bedrooms are comfortable and share a bathroom and are located on the other side of the living area. There are lovely trees in the backyard including an apple tree and a fig tree.
