Our goal is to provide the best possible floor finish in best under the conditions that we find it in. Our goal is to eliminate or make all scratches as small as possible. C. Problem areas including but not limited to: sun damage, uneven or discolored wood stains or floor finishes, peeling and cracking floor finishes, excessive wear and wood damage, excessive moisture damage including wet stains, warped boards and gapping, natural gapping due to seasonal expansion and contraction of real wood flooring, and creased, damaged wood boards. D. The color of your floor may lighten or darken as a result of our service depending on the conditions we encounter, the type of floor being serviced, and any previous refinishing work that may have been performed.
