WHAT I LOVE ABOUT MY HOME

- The kitchen! Lots of cabinets to keep counters clear and so bright and cheerful!
- The huge backyard! Plenty of space for a pool, firepit, and games. We also don't feel like we're on top of our neighbors since the side yards are so big.
- The water closet in the main bathroom. Total game changer.
- House size/square footage – big enough to have people over without cramping, but small enough to feel cozy.
