[Draw Rectangle](#)

[Draw Radius](#)

[Draw Polygon](#)

**Map Search Tips:**

Draw as many shapes as you wish. If you are using the Polygon shape, left click to set each point, then when you click first point to end the shape.

**Other tips:**

Use the Clear link to clear the map. To delete a single shape, hover its red number then click Delete. If you wish to exclude a certain area, draw any shape, then click its red number and select Exclude.
