NOTICE TO PURCHASER

The real property, described below, that you are about to purchase is located in Spring Creek Utility District (the "District"). The District has taxing authority separate from any other taxing authority and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the District on real property located in the District for the tax year 2022 is \$0.91 on each \$100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued is \$217,000,000, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the District and payable in whole or in part from property taxes is \$78,785,000.

The District is located in whole or in part in the extraterritorial jurisdiction of the City of Houston. By law, a district located in the extraterritorial jurisdiction of a municipality may be annexed without the consent of the district or the voters of the district if the municipality complies with the procedures and requirements of Chapter 43, Texas Local Government Code, as amended. When a district is annexed, the district is dissolved.

The purpose of the District is to provide water, sewer, drainage, flood control or recreational facilities and services with the District through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the District. The legal description of the property which you are acquiring is described in Exhibit "A" attached hereto and made a part hereof.

This document was prepared under 22 TAC 563.21, does not reflect the results of an on the ground survey, and is not to be used to convey or establish interests in real property except those rights and interests implied or established by the creation or reconfiguration of the boundary of the political subdivision for which it was prepared.

GENERAL NOTES

- This district map is based on the previous district map prepared by ESOR Consulting Engineers, Inc., dated September of 2002, and Montgomery and Associates (now Montgomery & Barnes, Inc.) Arbolard Engineering & Surveying, Inc. (Now Pope-Dawson Engineers), has updated this map to include annexation numbers 9 through 12. No other research has been done by Pope-Dawson Engineers.
- The previous district map contained the following statement:
 "A previous district map noted that the original district boundary and the 288.57 acre annexation tract were not on the same basis of bearings. The 60.02 acre annexation tract boundary is also on a different (third) bearing basis, the 141.65 acre parcel and the 23.87 acre parcel have been rotated from the deed bearings to the bearing system of the 435.73 acre tract. The 15.01 acre and 0.968 acre tracts have been rotated to the bearing system of the 435.73 acre tract based on the relationships between found monumentation in FOX RUN SECTION SIX, which relates to the southwesterly line of the 435.73 acre tract, and found monumentation on the 15.01 and 0.968 acre tracts along the northwesterly line of Riley Fuzzel Road"
- In the preparation of this previous map, the previous surveyor discovered errors in the description of the 305.93 acre tract. It did not mathematically close. In solving the closure problem, global positioning was used to tie in key points. This resulted in the rotation in the description of both the 305.53 acre tract and the 601.25 acre tracts.
