### Payment Requirement \_\_\_\_\_

I understand that payment in full must be made 4 days prior to installation or the job will be rescheduled.

### CUSTOMER SERVICE CONTACT INFORMATION \_\_\_\_\_

Floors For Living wants to make sure that any concerns regarding the installation are taken care of quickly. To make this happen it is best to call Jeff at (603) 394-5924 or e-mail [cs@floorsforliving.com](mailto:cs@floorsforliving.com).

### INSTALLATION TIME REQUIREMENT - Days Needed \_\_\_\_\_ Customer \_\_\_\_\_

**Hard Surface Removal:** Add 50% of SF to job - **Carpet:** 1500 SF Per day - **Tile:** 300 SF Plus 2 Days  
**Vinyl/LVT:** 500 SF - **Wood/Lam** 400 SF Plus 1 Day - **Wood Steps:** Add 1 Day

### ~~FRESHLY PAINTED & WALL PAPERED WALLS~~ \_\_\_\_\_

It can take up to 2 weeks for freshly redone walls to dry on the inside. Scums will occur and touchup will be required. It is important that you have extra materials to accomplish this.

### HARD SURFACE REMOVAL \_\_\_\_\_

Removal of old hard surface is considered construction and will create a lot of fine dust in your home. You should expect to do **Major** cleaning after the project is completed. To minimize the cleanup you should cover your furniture, cabinets and other items in plastic. It is also helpful to turn off your heating or air conditioning. This will eliminate the fine dust being sucked into your system to be sent back into your home later.

### FURNITURE PREPARATION & RELEASE - CUSTOMER TO MOVE SMALL ITEMS \_\_\_\_\_

Please have appliances unhooked and have furniture that holds other items emptied. Floors For Living professional installers will take great care in moving your furniture. However, small scratches or dents may happen during the moving process. Because there is no charge for this service no compensation will be given for damaged items. If this is a concern we recommend using a professional moving company.

### VALUABLES PREPARATION \_\_\_\_\_

During the installation process there will be several people in your home. It is important that you make sure all valuables (pictures, family heirlooms, jewelry) are stored in a secured area so they do not get lost or misplaced during this process.

### PLUMBING PREPARATION \_\_\_\_\_

RE: Installing toilets and other appliances.

We recognize that as a part of installation, appliances and toilets must be moved to give the best installation possible. We are more than willing to perform these services; however we cannot be responsible for subsequent leaks or damage to plumbing. You can, also, of course do these services yourself or hire a plumber to re-install. The disconnection or reconnect of gas or water lines is your responsibility. **We do not remove or install dishwashers.**
