

NOTICE TO PURCHASER
OF PROPERTY WITHIN
FAULKLEY GULLY MUNICIPAL UTILITY DISTRICT

THE STATE OF TEXAS §
COUNTY OF HARRIS §

The real property, described below, that you are about to purchase is located in Faulkey Gully Municipal Utility District. The District has taxing authority separate from any other taxing authority, and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the District on real property located in the District is \$0.334 on each \$100 of assessed valuation for the tax year 2022. The total amount of bonds, excluding refunding bonds and any bonds or portion of bonds payable solely from revenues received or expected to be received pursuant to a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued, is \$49,440,000, and the aggregate initial principal amount of all bonds issued for one or more of the specified facilities of the District and payable in whole or in part from property taxes is \$32,635,168.50.

The District is located in whole or in part in the extraterritorial jurisdiction of the City of Houston, Texas. By law, a municipality seeking to annex a district located within its extraterritorial jurisdiction must hold an election of the voters in the area to be annexed, or the owners of the land if there are no voters, allowing voters to decide whether they want to be annexed into the municipality. When a district is annexed, the district is dissolved. The City must annex all of the District or none of it.

The District has the authority to adopt and impose a standby fee on property in the District that has water, sanitary sewer, or drainage facilities and services available but not connected and which does not have a house, building, or other improvement located thereon and does not substantially utilize the utility capacity available to the property. The District may exercise the authority without holding an election on the matter. As of this date, the most recent amount of the standby fee is N/A. An unpaid standby fee is a personal obligation of the person that owned the property at the time of imposition and is secured by a lien on the property. Any person may request a certificate from the District stating the amount, if any, of unpaid standby fees on a tract of property in the District.

The purpose of this District is to provide water, sewer, drainage, or flood control facilities and services within the District through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the District.
