- Once your online inquiry is received, our Homeownership Concierge will contact you directly.
- We will review your inquiry and determine your loan eligibility for assumption.
 - Our Homeownership Concierge will contact you to facilitate the next steps!

STEP 2

HOMEOWNER'S APPROVAL AND BUYER IDENTIFICATION

- Identify prospective buyer interested in assuming the loan.
 - If the buyer is already identified, please communicate this to your Homeownership Concierge. The Homeownership Concierge will help your buyer get started on the application process and connect them with a loan officer.
 - If you have not identified a buyer, your Homeownership Concierge can connect you with a local real estate agent who can assist you in finding a buyer.
- Once you have a buyer identified, they can complete the buyer's section of the Assumption Package and connect with the Homeownership Concierge to begin the application process.
 - The Homeownership Concierge will introduce all parties to the Carrington Loan Officer, who will proceed with buyer qualification. Your loan officer will ensure all authorized parties are updated throughout the assumption process.

STEP 3

HOMEOWNER'S CLOSING

- Our Carrington Loan Officer will confirm and communicate a closing date (estimated, 30-45 days from the buyers application). Your Homeownership Concierge and loan officer can answer any questions you may have in preparation for closing day, all while introducing you to Vylla Title for any title needs.
- The settlement agent will arrange to sign at a convenient location or send a remote notary to obtain all signatures on the closing documents.
- Congratulations! You've sold your home. Let us help you find and finance your next one!
