THE TEAGUE HUNTING AND FISHING CLUB, INC.

CONSTITUTION AND BYLAWS

REVISED JANUARY 27, 2018

**ARTICLE I
CLUB NAME**

The name of this organization shall be The Teague Hunting and Fishing Club, Inc. Henceforth, in this document it will be referred to as the Club.

**ARTICLE II
PURPOSE**

The purpose of the Club shall be to form a group of sportsmen to enjoy the pleasures of fishing, hunting, boating, picnicking, and other outdoor activities. It is hereby declared to be a non-profit organization and no dividends shall ever be paid to its members. All dues, lease moneys, donations, assessments, and other income shall be used for the maintenance and improvement of the facilities of the Club.

**ARTICLE III
DISCLAIMER**

The Club assumes no responsibility for:

(A) The actions of Club members, their guest, or trespassers that result in incidents, accidents, or damages on Club property.

(B) Weather related events commonly referred to as “acts of God,” such as floods, high winds, lightning strikes, wildfires, etc., that result in injury or damage to Club members, their property, or their guests. (2015)

**ARTICLE IV
MEMBERSHIP**

SECTION 1

Membership in the Club is not limited to Freestone County.

SECTION 2

No person under (21) years of age can own a share of stock in the Teague Hunting and Fishing Club. (2015)

SECTION 3

Membership in the Club is evidenced by a Certificate of Capital Stock in the Teague Hunting and Fishing Club signed by the President and Secretary of the Club. No person can become a member of the Club until he/she has met with the Board of Directors and been approved. (1988). The applicant will not be interviewed by the Board unless that person has a Stock Certificate available for purchase. After an applicant has been approved and has paid all applicable fees, a Certificate of Capital Stock in the Teague Hunting and Fishing Club will be issued, and Club privileges will

commence. Any applicant not approved by the Board has the right to present themselves before the Club members at the next annual meeting to appeal the Board's decision. The Club members, by majority vote, can overrule the Board's decision. The applicant, at the time of appeal, must still have a stock share available to purchase. (1988)

The Board of Directors will conduct a criminal background check on each applicant before their final approval. (2016)

Each new member must sign a membership agreement, which will be held permanently by the Club Secretary. Married couples must each sign the agreement as both will become members. (2016)

SECTION 4

A one-time initiation fee of one hundred dollars (\$100.00) will be due and payable by all approved membership applicants (2015) with the exception as defined in Section 11.

SECTION 5

Any member of the Club shall own only one share and have only one vote. The lot number associated with the member's Stock Certificate allows the member(s) personal use of that lot. A husband and wife can jointly have their names on one share, but they have only one vote (husband) (2009.) In the event they acquire a second share, the husband must be the sole owner of one share and the wife the sole owner of the other share. If the original share is jointly owned, it must be modified so that one name appears on that share. If only one name appears on the Stock Certificate of a husband and wife, the named person becomes the voting member and the spouse becomes the non-voting member.

In the event that both the husband and wife each own a share, but they are non-adjointing shares, the surviving spouse is allowed to possess both shares for a maximum of six months by which time one of the two shares must be transferred to a third party. During the time the owner has two shares, he/she must keep dues up to date, and is still allowed only a single vote regarding Club matters. (2018)

EXCEPTION: If a husband and wife each own a share and they are adjoining shares (lots) with community or jointly owned assets on both lots (house, garage, storage building, etc.) and one spouse dies; the surviving spouse may own the two shares until their death, or one or both shares are sold or transferred to new owners. The surviving spouse must pay dues on both shares and is entitled to only one vote. The right to own two shares is not transferable to the new owner(s.) (2018)

The terms "member's lot, member's property, lot owner", and other similar phrases used within this document do not imply that the member actually owns the property, but instead refers to the lot assigned to that respective member by right of Stock ownership.

SECTION 6

Immediate family members under twenty-one (21) years of age are prohibited from visiting the Club or the lakes or other property of the Club unless accompanied by a member of the Club. All members shall be responsible for their children or children who come with them, while on the premises of the Club, and shall be responsible for any damage or damages accumulated by the Club or any affected member thereby.

EXCEPTION: Any members' son/daughter at least fourteen (14) years of age and under twenty-one (21) years of age will be allowed to fish on the lake property provided he presents the parent's waiver

relieving the Club of any liability of all injuries that may occur to him while on Club property. Any members' son/daughter at least sixteen (16) years of age and under twenty-one (21) years of age will be allowed to hunt on lake property with the same parental waiver requirements as stated above. (2016)

Furthermore, the waiver must state that the parent(s) agrees to reimburse the Club for any damage to the Club property or reimburse any member for damages to that member's property. The Secretary shall keep on file all such waivers.

SECTION 7

The term "Immediate family members" as used in this article does not include the grown sons/daughters or married sons/daughters of a family, nor any member of such family over twenty-one (21) years of age, and such persons as are in this section excepted or excluded shall not be allowed the hunting or fishing privileges of the Club.

SECTION 8

Any member who is not in good standing (not current on all dues and assessments), with the Club will be suspended, as defined in ARTICLE X, SECTION 2. (2016)

SECTION 9

All members shall be permitted to take to the lakes or Club property for the purpose of hunting and fishing, including any number of house guests if accompanied by the host or any other member.

For the purpose of hunting and fishing only, any such member and guest has the right of access to all the shoreline within ten (10) feet of the water. This does not include private docks, which are completely controlled by their respective owners. (2016)

Guests over (21) years of age must have an on-site member responsible for them while on Club property, but it is not required that they be accompanied by the host or another member. (2015).

SECTION 10

All persons, other than members of the Club, their bona fide guests, or immediate members of the family shall be forbidden to go upon any of the premises belonging to or under the control of the Club, shall be considered, and are hereby declared to be trespassers.

SECTION 11

A guest of a Club member is limited to an extended stay on Club property of no more than thirty (30) days, per calendar year. If, however, the guest is an immediate family member in need of medical care by the member, OR the guest is providing medical care for the member, the guest, if approved by the Board, may stay as long as necessary to meet the medical needs. (2018)

SECTION 12

Any member desiring to sell his Certificate of Capital Stock in this Club shall report to the Secretary his /her intentions and desire to do so, giving the name of the prospective purchaser. Such applicant

will then meet with the Board of Directors to be approved. If the new applicant is approved, he/she must pay the initiation fee (Section 4) and a \$25.00 transfer fee (2008), as well as any back dues that may exist. If the buyer is a current spouse of a current member, only the \$25.00 transfer fee is required. He/she shall then be entitled to all benefits and privileges of membership in the Club. (2008)

The transfer fee of \$25.00 will be waived only if the transfer is from a recently deceased member to their spouse. (2016)

SECTION 13

Any member of this Club failing to comply with any of the obligations or privileges of the Club herein contained, may be suspended as defined in ARTICLE X, SECTION 2. (2016)

ARTICLE V **OFFICERS**

SECTION 1

The Officers shall consist of a President, Vice-President, Secretary/Treasurer and four Board Members-at-Large. The above officers shall constitute the Board of Directors (sometimes referred to in this document as the Board).

SECTION 2

The Board of Directors shall serve for a period of two years and shall be chosen in the following manner: Four new members shall be elected in even years and three elected in odd years at the annual meeting in January.

Potential incoming Board members must be nominated and seconded from the floor. Those nominees will then be voted on by written ballot. If the number of nominated candidates does not exceed the number of open positions, the requirement for a written ballot is waived. A simple majority of those present at annual meeting is required. (2016)

SECTION 3

It is the responsibility and obligation of the Board to enforce the rules and regulations set forth in the Bylaws of the Club. The Board shall control and manage all the properties and affairs of the Club, subject only to such limitations as may be prescribed by the Club and its Bylaws and Regulations thereof.

SECTION 4

The Board of Directors shall select from its own members a President, Vice-President and Secretary/Treasurer, respectively, of the Club.

Immediately following the annual meeting, the newly elected Board will convene for the purpose of selecting new officers. The President from the previous year will conduct the elections. If the previous president is leaving the Board, he/she will remain only long enough to conduct the election of new officers. All officers must be nominated and elected by written ballot. A simple majority is required. (2016)

SECTION 5

In case of vacancy in the Board of Directors by any cause whatsoever, the remaining Directors shall have authority to fill such vacancy from the membership of this club.

SECTION 6

No two immediate family members shall serve on the Board of Directors at the same time. (2008)

ARTICLE VI **DUTIES OF OFFICERS**

SECTION 1

The management of the Club is vested in the Board of Directors. The Board of Directors shall have the right to exercise all powers granted by the Constitution or Bylaws. It shall not have power to alter, rescind, or nullify any part or provisions of such Constitution or Bylaws.

Regular meetings of the membership of the Club shall be held in January each year, sometimes referred to as the annual meeting. The President, however, shall have the authority to call regular meetings of the Club as he desires or thinks best, provided notice thereof be given each member either in person or by mailing a notice thereof to his address one week in advance of the meeting. The term "regular meeting" refers to any meeting in which all Club members are invited.

If the Board deems that the complaint is valid, and if the member does not remedy the complaint within thirty (30) days, a second notification by mail will be issued with a twenty-five dollar (\$25) fee. After another thirty (30) days the Board has the right to have the property cleaned and assess the cost to the member. The Board may extend the deadlines due only to extenuating circumstances such as bad weather or illness; but in any event, any such extension may not exceed 90 days. SECTION 2

The Club membership hereby expressly state their intent and agreement that all structures (whether residences or otherwise) placed on the property assigned to the member as well as any boat shed built belonging to the member shall not be the property of the Club. (2016)

Both the Club and the members expressly hereby waive the law of fixtures or other applicable law, which would make the Club the owner of such structures, it being the intent of all parties that the Club is not the owner of these structures for all purposes whatsoever.

Each member shall be solely responsible for the rights and obligations of ownership of the applicable structures, including but not limited to (1) the duty to pay taxes, (2) responsibility for liabilities occurring at or within such structures, and (3) the risk of loss to such structures (and any and all related insurance obligations), all of which shall be the obligations of the respective members and not the obligations of the Club.

SECTION 3

Each member will respect the right of all members as to the use of assigned lots. No member will be permitted to build on or use any lot assigned to another member without his/her approval and recorded with the Secretary.

Use of Club property for buildings, other structures, and storage of personal property not assigned to any member will require approval of the Board of Directors, and any such approval may be rescinded by a vote of the Board of Directors. The affected persons will be given a sixty (60) day notice to allow sufficient time to remove any affected items. After that time the Board may have the property cleaned, personal property disposed of, and assess all associated costs to that member. (2016)

SECTION 12

No member may possess more than three (3) dogs. If a member, as of January 15, 2011, has more than three dogs, the additional dogs owned by the member may remain on their Property. (2011)

ARTICLE X
SUSPENSION AND LOSS OF MEMBERSHIP

SECTION 1

The Club reserves the right to suspend or remove members (loss of membership) who violate the rules and regulations as set forth in the Constitution and Bylaws. In all cases, a suspension must precede any loss of membership.

Whenever a suspension or loss of membership is addressed, a notice to that member is required via registered mail. (2016)

The violations stated in this document include:

1. Non-payment of dues and assessments.
2. Improper care of property (un-mown lots, junk cars, unmaintained boats, trash, etc.).
3. Failure to pay for damages to Club property or damages to any member's property as defined in Article IV, Section 6.
4. Failure to comply with any other obligations or privileges of the Club as defined in this document.

SECTION 2

Definition of suspension: Any suspended member shall not be entitled to enter upon the Club premises or be entitled to any of the Club's benefits or privileges, no matter what manner such person shall lay claim thereto by virtue of possession of Stock Certificate or otherwise. There is one

special case when a member may be allowed upon the premises, as defined in ARTICLE X, SECTION 4. (2016)

SECTION 3

Members failing to pay all dues and assessments in full within 60 days of their due date will be suspended without further consideration. (2015)

The Board will notify the offending member 15 days before suspension becomes effective, stating the cause. (2016)

Other than the cause stated above (failure to pay dues and assessments), no member can be suspended without due process as defined below. Any affected member will be given notice that he/she is subject to suspension, stating the cause. (2016)

If the member has not corrected the cause for suspension within 30 days of notice, the member will be given notice that his/her suspension will be considered at the next regular meeting, provided the notice was provided at least 30 days before the meeting. (2016)

At that meeting, the member will be given a full and fair hearing. The Board will present the cause for suspension and the member will be allowed to present his/her case. The suspension will become in effect if approved by a vote of three-fourths majority of members present at that meeting.

SECTION 4

Any suspended member will be given a period of one year after suspension to regain admittance to the Club after any such suspension, with the exception for failing to pay dues and assessments as cited in Section 5. All conditions pertaining to the cause of suspension must be remedied and approval for reinstatement of membership by the Board of Directors is required. (2016)

The suspended member may access the Club property for the sole purpose of remedying the cause of suspension, but may not stay on the premises overnight. The suspended member will not be allowed any other Club privileges. (2016)

If the cause of suspension has not been corrected to the satisfaction of the Board after the one year period, loss of membership will be recommended. (2016)

SECTION 5

If any member fails to pay in full all dues and assessments after one year, he/she will lose their membership without any hearing being required. This is the only case where no hearing is required.

Any affected member will be given notice that he/she is subject to loss of membership, stating the cause for such consideration. (2016)

For any other reason, a suspended member will be subject to loss of membership if he/she has not complied with the conditions for suspension reinstatement within the specified time frame as defined in Section 4. The member will be given notice that his/her loss of membership will be considered at the next regular meeting, provided the notice was provided at least 30 days before the meeting. (2016)

At that meeting, the member will be given a full and fair hearing. The Board will present the cause for loss of membership and the defendant will be allowed to present his/her case. The loss of membership will become in affect if approved by a vote of three-fourths majority of members present at a regular meeting. (2016)

SECTION 6

When a person has lost their membership (membership forfeiture), the Club may dispose of his or her share and the proceeds of such sale applied on the indebtedness of such member.

Anyone who has had their membership forfeited will be provided notice that he/she has had their membership forfeited and that person has sixty days to surrender his/her Stock Certificate and must remove all personal property (including buildings) from the Club's premises. (2016)

After the sixty days has expired the Board of Directors will void or resell the Stock Certificate as well as dispose of all remaining personal property. It will be duty of the Board of Directors to make a reasonable and customary attempt to obtain fair market value for all such disposed property. Any such moneys gained from such a sale will be returned to the previous owner after the Club deducts all related expenses. (2016)

History of the Teague Hunting and Fishing Club

The Teague Hunting and Fishing Club resides on a tract of land that was originally jointly purchased in 1908 by the Fort Worth and Denver Railway Company and the Chicago Rock Island and Pacific Railroad Company. The property included 273.20 acres of land plus two parcels of right of way (20.84 acres and 4.13 acres) for a total of 298.17 acres. These railroad companies bought the land in order to develop a water supply for steam locomotives, Teague shop facilities, and other railway needs. The Upper Reservoir was constructed in 1908-1909 and consisted of 133 acres. The Lower Reservoir, founded on Jeter Creek, was constructed in 1917 and consisted of 140.20 acres.

The Upper Reservoir was leased to Teague Hunting and Fishing Club in 1923 for a period of ten (10) years; the Lower Reservoir was included in 1926.

In 1935 the City of Teague was granted permission to use water from the Lower Reservoir. The city constructed a water pumping station, laid pipe, etc., and provided the railroad with water it required for a fee of \$5.00 per annum.

In 1967 it was determined that the reservoirs were not needed for railroad purposes and the process of selling the lakes to the Teague Hunting and Fishing Club was initiated.

On October 29, 1968, Teague Hunting and Fishing Club bought the 298.17 acres of land for \$6000. Existing Club members were assessed the amount required for the purchase of this property.

In 2015, 3.34 acres behind the dam of the lower lake was sold to settle a boundary dispute.
