Tresca™ - Creating Your Personal Spaces

Tresca™ is an acrylic solid surface with consistent color and design making it ideal for kitchen and bath applications. This unique surface provides the top 3 attributes Consumers today want from their countertop:

1. Appearance/style
2. Durability/long lasting
3. Low maintenance/ease of care

With the ability to create a seamless appearance, Tresca™ can be cut and formed into distinctive shapes and curves in addition to intricate edge details. Unlike stone countertops, this non-porous surface never needs to be sealed and does not support the growth of bacteria making it the best choice in areas where food preparation could take place. Because of its acrylic composition, Tresca™ is very durable and any surface marks can be easily removed. The benefit of this durable, low-maintenance surface is a countertop that stays looking new longer.

Finally, Tresca™ solid surface is backed by a limited 10-year warranty making this an investment you can truly feel confident in.
