

Universal Ventless Firebox

by ProCom

Product Details

This Universal Ventless Firebox by ProCom features a slim profile for installation in even the tightest areas. A ventless firebox is an inexpensive way to customize the look of your fireplace. These fireboxes are approved for zero clearance installation, which allows you to recess it into your wall or pair it with a cabinet mantel for a custom unit. Its universal feature allows for use with any ventless gas log set. Features a decorative sprayed brick liner for a classic and clean finish.

- **Approved for use with any ventless gas log set**
- **Will accept most 18 in., 24 in. or 30 in. ventless gas log sets**
- **Unique Airflow Technology System for greater heat flow**
- **Zero-Clearance Firebox can be installed against or recessed into any wall accessible to a gas line**
- **Decorative sprayed brick liner**
- **Extra large viewing area**
- **Draw screen and hood included**
- **Product weight: 83.8 lbs.**
- **2 year limited warranty**
- **Product dimensions: 36.8 in. H x 43 in. W x 19 in. D**
