

## BONUS PAGE

### What we love about our home

- spacious, open-concept layout of the Kitchen, Living, and Dining area.
- functionality of the space, especially when entertaining.
- 9ft ceilings in the home provides a more spacious feeling while the 8ft doors throughout the home gives the space a more dramatic look.
- windows in the Master Bedroom being pushed out an extra 1ft, extends the size of the room.
- elongated shower in the Master Bathroom is an amazing feature where we don't feel as cramped.
- massive Flex room downstairs is a great multipurpose space, which works great as either an extra bedroom, office, or game room.
- garage provides a storage bay which allows for storing bicycles, grills, etc.

Within the Lakeshore community, we are only steps away from direct lake access and an infinity edge pool overlooking the lake with a private grilling area and spacious lush greenery for kids to play around.

The Towne Lake Boardwalk is just a quarter of a mile away where we can enjoy breakfast, lunch, or dinner. The boardwalk constantly hosts different community events and activities.

The Towne Lake Pool House has amazing amenities that we love taking advantage of such as: a gym, playground, tennis courts, man made beach, water park, and adult pool.
