

I have lived in this house for 27 years. One of the aspects of the house that I've always enjoyed is its sense of "space."

One of the great things about being in Willowlake Subdivision is its location. We are very close to the Sam Houston Tollway. Right around the corner is a Kroger and a bank. There are some nice eating places close by: Indian cuisine, Mexican food, Chinese food, a Chipotle, KFC, Taco Bell, Whataburger, Chic Felt, etc.

We have a beautiful pond and Gazebo in the front of the subdivision with ducks and mallards. There are several retaining ponds also in the front, and when we have a lot of rain, the water drains down to the retaining ponds. We have never been flooded even through Harvey in 2017.

We have a great swimming pool and play area for the kids. We've always had great neighbors and a good community spirit. The Willowlake Facebook is a good way to keep in touch with what is going on.

Several neighbors who have moved away for various reasons say they really miss this location.

This house has had one owner since it was built and we have tried to take very good care of it as best we could.
