## JVM'S RATE DROP FREE-FI™

# If rates fall, we will refinance you at **no cost**.\*

Mortgage rates move up and down with little notice, and we want to ensure our clients get every opportunity to save when they can.

If you refinance with JVM Lending, we will cover one of the biggest obstacles to refinancing – your closing costs!\*

JVM's Rate Drop Free-fi™ lets you take advantage of lower rates as soon as 4 months after your purchase transaction closes.

### What we'll cover with JVM's Rate Drop Free-fi™.\*

- Your appraisal fee
- Your credit report fee
- Your processing & underwriting fees
- Your title & escrow fees
- Your notary & doc prep fees

### Thinking about buying a home & want to talk to an expert first?

Scan the QR code to start your loan pre-approval or schedule a time to talk with one of JVM Lending's mortgage experts.

Buy your home with JVM to lock in your **Free-fi™** and we will notify you as soon as rates drop.

### When will rates fall?

There are no guarantees, but many of the macroeconomic experts we closely follow predict that rates may fall soon.

So, buying in a higher-rate environment like today can be an advantage because there is far less competition, and you will likely be able to refi into a lower rate afterwards.

We also have numerous tools to help you lower your rate and payment if you buy in a higher-interest environment.

**For information in regard to any of this, we encourage you to reach out to one of our experts at JVM Lending.**
