- The neighborhood! We love the social events on the street and everyone comes together to create a festive environment around the holidays.
- The updated master bath is relaxing and spa like.
- Large upstairs game room. The kids love having their own space to hang out with each other.
- Exemplary schools! All the schools are excellent and highly rated.
- Our updated open and bright kitchen! It has great flow to the breakfast nook and living area, making it easy to interact with the rest of the family.
- Great street for kids with cul-de-sac and close proximity to several parks.
- Close distance to two shopping centers with grocery stores and restaurants: Kroger, Crust, El Chaparro, Target, Chili's, Zanti Trattoria.
