Inspection Verification Form WPI-2-BC-5

Appl Id: 2031376

For Projects that commenced construction on or after January 01, 2008

I, the undersigned, do hereby ACKNOWLEDGE that I am a professional engineer licensed to practice in the State of Texas and that I am a qualified inspector appointed by the Commissioner of the Texas Department of Insurance to perform inspections in accordance with Article 21.49 Section 6A of the Texas Insurance Code and with 28 Texas Administrative Code Section 5.4604. I do state that I am personally responsible as the engineer-of-record for the windstorm inspection of this project and I have provided standard and customary construction review services including an inspection or inspections by myself or an employee under my direct supervision for:

Inspections

1. House - Roof, Partial Re-Roof with Re-Decking

Location of Re-Roof: Rear of the home, Location of Re-Decking: Rear of the home,

Comments: Certainteed roll roofing installed per manufacturer's suggested installation instructions

2.

3.

Comments

The building is located at: (Complete 9-1-1 Street address including house/building number):

Street Address: 17732 GLEI

City: Galveston

County: Galveston

This does not meet the applicable Building Code standards as evidenced by the signature, date, and seal below.

I certify that the project was designed and inspected in compliance with the wind load provisions of:

International Residential Code, 2006 Edition (Amended with 2006 Texas Revisions)

or

International Building Code, 2006 Edition (Amended with 2006 Texas Revisions)

The design conditions used were:

Wind Speed (3-second gust):

110 mph (Required for Inland II)

120 mph (Required for Inland I)

130 mph (Required for Seaward)

Exposure Category:

B

C

D

Note: All exterior openings (exterior doors, windows, garage doors, and skylights) contain products that have been designed and inspected for compliance with uniform static wind pressure requirements (Applicable only to those projects which include the installation of exterior opening products.)

Protection of Exterior Openings:

Provided for as specified in the Texas Revisions (required for projects located in the Inland I and Seaward areas).

Not provided for as specified in the Texas Revisions (applicable to projects located in the Inland II area).

Date(s) of inspection(s): 02/18/2016, 03/07/2016

I understand and intend that the Texas Department of Insurance will rely upon this statement of compliance in determining whether to issue a Certificate of Compliance for the building/structure and to notify the Texas Windstorm Insurance Association that the building/structure is eligible for a windstorm and hail insurance policy.
