

ANGEL LAGOON & RIVER RANCH MASTER PLAN

Like no Texas
DESTINATION

It's about to get Big as Angel Lagoon prepares its 2024 Grand Opening. The 40-acre multi-use entertainment district will be like nothing ever seen in the area northeast of Houston. Who would have predicted

white sand beaches, crystal clear water and year-round entertainment would soon be just a short distance from home?

Speaking of home, the adjacent River Ranch new-home community is primed to expand right along with the Angel Lagoon wave.

Currently, there are four model homes representing three builders: D.R. Horton, K. Hovnanian and First America. Plans call for many more to join the roster in 2024.

Details will be announced soon regarding the expansion of River Ranch, which is projected to encompass at least 2,500 acres and produce more than 6,500 homes.
