No outside toilets will be permitted.

No outbuildings shall exceed in height the dwelling to which they are appurtenant, without the written consent of the Corporation. Every outbuilding except greenhouse shall correspond in style and architecture to the dwelling to which it is appurtenant.

The right is reserved by the Corporation to change these restrictions in the case of unusual or irregular shaped lots where same is required for the best appearance of the immediate community.

(n) No building of frame construction on the exterior of any kind or character shall be erected on any lot unless same, at the time of construction, shall receive at least two (2) coats of paint, and no such buildings shall have a wood shingle roof unless same is painted or stained an attractive color.

shown on said plat from any restriction or covenant created by deed from the Corporation at the end of the first twenty-five (25) year period, or at the end of any fifteen (15) year period thereafter, by executing and acknowledging an appropriate agreement or agreements in writing for such purpose, and filing the same for record in the manner then required for the recording of land instruments, at least two (2) years prior to the expiration of the first twenty-five (25) year period, or at least two (2) years before the expiration of any fifteen (15) year period thereafter.

RIGHT TO ENFORCE: The restrictions herein set forth shall be binding upon the Corporation, its successors and assigns, and all parties claiming by, through or under it or them, and all subsequent owners of property in said Addition, each of whom shall be obligated and bound to observe such restrictions, covenants and conditions; PROVIDED, however, that no such person or corporation shall be liable except in respect to breaches committed during its, his or their ownership of, said property. The violation of any such restriction, covenant or condition shall not operate to invalidate any mortgage, deed of trust, or other lien acquired and held in good faith against said property, or any part thereof, but such liens may be enforced as against any and all property covered thereby, subject nevertheless to the restrictions, covenants and conditions herein mentioned. Anyraire Corporation shall have the right to enforce observance and performance of such restrictions, covenants and conditions, and in order to prevent a breach, or to enforce the observance or performance of same, shall have the right, in addition to all other legal remedies, to an injunction either prohibitive or mandatory. The owner of any lot or lots affected, shall have the right either to prevent a breach of any such restriction, covenant or condition, or to enforce performance of same.

EASEMENTS: It is agreed that all sales of lots and dedication of streets in said Addition shall be subject to easements over and across such portions of each lot, as hereinafter designated, as may be deemed appropriate or necessary for the purpose of installing, using, repairing and maintaining public utilities, water, sewer lines, electric lighting and telephone poles, pipe lines, and drainage ditches or structures and/or any equipment necessary for the performance of any public or quasi-public utility service and function, with the right of access thereto for the purpose of further construction, maintenance and repairs. Such right of access to include the right, without liability on the part of any one or all of the owners or operators of such utilities, to remove any or all obstructions on said easement right of way, caused by trees, brush, shrubs, either on or overhanging such right of way, as in their opinion may interfere with the installation or operation of their circuits, lines, pipes or drainage ditches or structures. Such easements shall be for the general benefit of the Addition, and the property owners thereof, and are hereby reserved and created in favor of any and all utility companies entering into and upon said property for the purposes aforesaid, and shall extend to only the following portions of said Addition:

In the North One-half (N.1/2) of Blocks Five (5) and Six (6), there is an easement of five (5) feet in width off of the rear of each lot.

In addition to the easements herein designated and dedicated for the use of all public utility companies, there is also dedicated for the use of all public utility companies an unobstructed aerial

easement five (5) feet wide from a plane twenty (20) feet above the ground upward located adjacent to said easements designated.

UPKEEP: The purchasers of property in said Addition shall be required to keep the weeds cut on the particular property owned by each, and shall not permit the accumulation of trash, rubbish, or other unsightly obstacles on the premises, the easement, or in the ~~street abutting the same. The area in the street between the pavement and the property line shall at all times be kept clean and free of unsightly obstacles.~~

This instrument of dedication relates to and affects the above described property, and shall not affect other property not herein described.
