

What I Love About My Home

118 S Evangeline Oaks Circle, The Woodlands

Favorite Features

- The landscaping is so easy to maintain yet so beautiful.
- Water features are extremely relaxing. You can even open the bedroom windows at night & listen to the running water.
- Listening to the waterfall while enjoying the firepit with a glass of wine is a favorite.
- Astro Turf in backyard is easy to maintain and the Putting Green is fun for all.
- Paver patio & walkways with the lighting add a certain elegance to the landscape.
- Custom woodwork throughout the home makes the house unique to the neighborhood.
- Sono speakers in every room always amazes me. It brings joy to my soul listening to music wherever I am inside my home.
- Having two built-in offices allows multiple people to work at home in private spaces.
- Two lakes, playground, tennis & pool are within a short walk. They are building 6 new pickleball courts here as well.
- The neighborhood's accessibility to all The Woodlands has to offer and the access to Jones Forest right across the street. A huge bonus is all the friendly & helpful neighbors.

I will truly miss this house & the neighborhood!
