

Pros of Going Solar

Reduces your carbon footprint

Saves money on utility bills

Net metering allows you to profit from unused energy (note, this won't be available everywhere)

Federal, state and local tax incentives can save you money

Billing savings with solar panels:

June 2022 : \$144.24 (with solar)

June 2023: \$284.92 (without solar)

Over **\$140 savings** in one month!

See attached invoices.
