On residential lots only one one-family residence may be erected, altered, placed, or be permitted to remain on any lot or any lots and adjoining fractional part of another lot. Said lot shall not be used for business purposes of any kind nor for any commercial, manufacturing, or apartment house purposes. Any person or persons owning two or more adjoining lots in the said subdivision may consolidate such lots into one building site, with the privilege of placing or constructing improvements on such resulting building site, provided that such subdivision or consolidation does not result in more building sites than the number of platted lots involving in such subdivision or consolidation and approval by Lakeview Hills Property Owners Association Board. No one lot can be subdivided and sold unless the Lakeview Hills Architectural Control Committee and Board of Directors approve the sale.

No part of any building shall be nearer than five (5) feet to either side or rear property line and the minimum set back of all buildings from the front property lines shall be twenty five (25) feet or as established by Plat recorded in Volume 109, Page 431 of the Map Records of San Jacinto County. All construction on waterfront lots must comply with the Trinity River Authority code on flowage easement. Lot owners are solely liable for proper placement of structures on their lots. Any home built with first floor pilings, where the house is built above the ground, must have the open area externally closed to blend architecturally with the rest of the house. Any additional exterior construction must be reviewed by the Lakeview Hills Architectural Control Committee prior to construction startup.

Any residence, once commenced, must be "dried in" within six months. The term "dried in" means that the outside must have the appearance of being a completed house with all necessary windows, doors, roof, paint and trim. If not "dried in" within six months after such residence or building is commenced the owner must meet with the Lakeview Hills Architectural Control Committee, who reports to the Board, for further construction plans and scheduling.

The owners and/or occupants of a lot or lots in this subdivision, shall at all times keep all weeds and grass thereon cut in a sanitary, healthy and attractive manner, and shall in no event use any lot for storage of material and equipment except for normal residential construction requirements, or permit the accumulation of garbage, trash or rubbish of any kind thereon. In the event of default on the part of the owner of any lot in this subdivision, the Lakeview Hills Property Owners Association will notify said lot owner, by mail of such violation and will allow two (2) weeks to correct the default. Upon failure of owner to comply with the correction of the default the Lakeview Hills Property Owners Association may without liability to the owner or occupant, in trespass or otherwise, enter upon said lot, cut or cause to be cut, such weeds and grass and remove or cause to be removed, such garbage, trash, rubbish, etc., so as to place said lot in a neat, attractive, healthy and sanitary condition, and will bill the owner for such work. Any lot owner in Lakeview Hills may plant trees, shrubbery, etc. to enhance the beauty of their lots but in so doing the Lakeview Hills Property Owners Association will not be responsible for destruction of same while performing subdivision maintenance.

All waterfront lots with or without established homes must maintain good lakeside bulkheads and not allow erosion of said lot or lots normally due to the action of the elements. Lakeview Hills Property Owners Association reserves the right to bring legal action against any lot owner who defaults on this restriction.

No animals, livestock or poultry of any kind shall be raised, bred, or kept on any lot, except that no more than a total of four (4) dogs and cats may be kept, provided that they are not kept, bred, or maintained for any commercial purpose, but only for the use and pleasure of the owners of such lots. No dog or cat shall be allowed to become an annoyance or nuisance to the neighborhood. Dogs must be on a leash when outside their owner's yard. Pet owners may not allow their pets to defecate on other lots with a residence without that property owner's permission.

No such signs for sale of lots not containing a dwelling house shall be permitted.

III

Architectural Control

The Board of Directors of the Lakeview Hills Property Owners Association shall designate and appoint an Architectural Control Committee consisting of not less than four (4) qualified persons, which shall serve at the pleasure of the Board.

- (a) Construction of any building, fence, wall or other structure.
- (b) Any exterior addition, change, or alteration in any building fence, wall or other structure;
- (c) Any major landscaping or grading of any Lot or Lots.

Application for Approval

To obtain approval to so do any of the work described in the preceding paragraph, an Owner must submit an application to the Architectural Control Committee. The applicant for building a new house must obtain a building permit packet from a member of the Architectural Control Committee and follow the instructions and requirements in the packet. Names of members of the Architectural Control Committee are posted on the neighborhood bulletin board located next to the mailboxes.

Standards and Review

The Architectural Control Committee shall review the applications for proposed work in order to

- (1) ensure conformity of the proposal with these covenants, conditions and restrictions;
- (2) ensure harmony of external design in relation to surrounding structures and topography.

An application can be rejected for providing insufficient information. The Committee shall have broad discretionary authority to interpret and apply these standards. In rejecting an application the Committee should detail the reasons for rejection and suggest how the applicant could remedy the deficiencies.

Failure of Committee to Act

If the Architectural Control Committee fails either to approve or reject an application for proposed work within thirty (30) days after submission, then Committee approval shall not be required, and the Applicant shall be deemed to have fully complied with this Article.

IV

Written notice of any proposed amendments to the Deed Restrictions shall either be mailed to a property owner at the last known address of such property owner or by personal delivery of any proposed amendments to a property owner.

All ballots shall be returned within thirty (30) days from the date either mailed to a property owner or within thirty (30) days from the date of personal delivery to a property owner. All ballots shall be signed by the property owner and notarized. A majority of the valid ballots shall determine whether the proposed amendments to the Deed Restrictions are adopted or not. Any amendments adopted shall be recorded in the Official Public Records of the County Clerk of San Jacinto County, Texas.

These covenants are to supersede the original covenants where LAKLIV, INC., the developer of LAKEVIEW HILLS Subdivision, filed in Volume 109, Page 462, and Revised Deed Restrictions filed in Volume 33, Page 961 of the Deed Records of San Jacinto County, Texas, in regard to the 45.0215 acre tract of land in the Matthew Hubert Survey, Abstract 22 of San Jacinto County, Texas. The revised covenants are to run with the land, and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded with the County Clerk of San Jacinto County, Texas, after which said covenants shall be extended automatically for successive periods of ten (10) years, unless an instrument is signed by the majority of the then property owners returning notarized ballots and being properly recorded, agreeing to change said covenants in whole or in part or to revoke them.
