Please follow these two tips to print the map file:

1. Use only the print icon/button located on the plugin toolbar (not the main toolbar of your browser).
2. Set your printer resolution one step lower than normal. E.g., if you normally print at 300dpi, try switching to 150dpi.

Also, in some cases, a recent transaction might not yet be mapped. Check with our Information Center if you have any questions.
