Hey Mark,
I measured the upstairs and it measured 27'x12'10".
The downstairs measured 24'x7'10".
Gameroom 20'x20'.
These are unofficial but close, will have to get exact when looking yo list.

House 2050 sq ft.
Total sq ft is in the 2950 range, just fyi, when looking at comps, listing price, appraisal, etc.

Thanks, enjoy the weekend!
Pedro
