Concerning the Property at

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as

"Rese	year flood, without cumulatively increasing the water surface elevation more than a designated height. rvoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain or delay the runoff of water in a designated surface area of land.								
provider,	Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood surance Program (NFIP)?* yes no If yes, explain (attach additional sheets as necessary):								
Even	es in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance, when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the ure(s).
