Safety & Reliability

Natural gas has the best safety and reliability record of all traditional energy sources. Natural gas in its raw state has no smell or color. That's why we add a "rotten egg" odor to make you aware if gas is leaking. If you smell gas, leave the area immediately and call 1-866-322-8667 or 911. We will send a trained technician to investigate.

Atmos Energy appreciates your continued business. Natural gas is the safe, reliable, American energy for your family.

Best Regards,

Atmos Energy
