

Dear Prospective Buyer,

Welcome to our home! As you explore, we hope that you feel the same warmth and joy that we have during our short stay here. Our house is a great place for gatherings or entertaining, whether in the kitchen, living room, or beautiful backyard and patio. The open floor plan makes entertaining effortless whether accommodating family or parties.

We work in college athletics and unfortunately this will be our third move in two years. Sadly, we must say goodbye this time due to an unexpected illness in the family. Luckily, we were presented with an opportunity that we could not refuse bringing us closer to our families at this time. With rents being so high, we opted to purchase as soon as we viewed this home. We did not know how long we would stay in the Houston area but chose to make the house our own with many updates that we hope you will also enjoy. As we leave, we hope our home brings as much happiness to you as it has to us.

Warm regards,

Stacy & Nicole
