NOTICE TO PURCHASER OF SPECIAL TAXING OR ASSESSMENT DISTRICT

The real property that you are about to purchase is located in the Cinco Municipal Utility District No. 10 (the "District") and may be subject to District taxes or assessments. The District may, subject to voter approval, impose taxes and issue bonds. The District may impose an unlimited rate of tax in payment of such bonds. The current rate of the District property tax is \$0.48 on each \$100 of assessed valuation.

The total amounts of bonds payable wholly or partly from property taxes, excluding any bonds or any portions of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters are:

\$37,500,000 for water, sewer, and drainage facilities; and
\$22,500,000 for refunding bonds.

The aggregate initial principal amounts of all such bonds issued are:

\$7,590,000 for water, sewer, and drainage facilities; and
\$145,000 for refunding bonds.

In addition to the above bonds, the District is obligated by a contract approved by the voters to pay its pro rata share of the debt service on contract revenue bonds to finance certain regional facilities to serve the District and the other municipal utility districts that are part of the Cinco Municipal Utility District No. 1 regional system. The total amount of authorized bonds payable wholly or partly by such contract revenue is \$50,000,000.

The District is located wholly in the extraterritorial jurisdiction of the City of Houston, Texas. Texas law governs the ability of a municipality to annex property in the municipality's extraterritorial jurisdiction and whether a District that is annexed by the municipality is dissolved.

The purpose of the District is to provide water, sewer, drainage, and flood control facilities and services. The cost of District facilities is not included in the purchase price of your property.
