## **We Provide our Buyers with a Builder's Limited 10-Year Insured Warranty Feel Confident and Secure in Your New Home**

As a quality new home builder, we are proud to offer our buyers the best warranty program available today on your new home. Because of our relationship with PWSC, we back our warranty with the strength of one of America's largest insurance organizations.

### **Home Buyer Advantages**

#### **NO deductibles.**

We provide our buyers with an express 10-year insured Structural Warranty. Even in the unlikely event that we cannot perform our obligations under the warranty; our insurer will be there to assume responsibility for our performance... at no cost to you. Other insured warranty programs require a consumer deductible, so even if your repair is covered, it still costs you money

#### **Our insurer is the strongest in the industry.**

The PWSC administered program is underwritten by a member of Zurich North America, rated A+/XV by A.M. Best, one of the leading independent insurance company rating services.

#### **Binding arbitration resolves disputes quickly and easily.**

We are proud of our customer service record, but should a disagreement occur, the PWSC program provides our home buyers with binding arbitration to settle disputes without costly legal services. The arbitration program allows an independent third-party arbitrator to resolve disputes promptly and completely. Either party can request arbitration by submitting an \$80 filing fee\*\* that will be refunded if they prevail.

#### **When you sell your home...**

Should you decide to sell the home, the transfer in title will not affect the remaining term of our limited warranty. The homeowner simply completes the Subsequent Home Buyer Form found in the warranty document. This feature can be an attractive selling point at resale for homeowners or sales agents.

Our customer service expertise, clear and comprehensive warranty, and backing from one of the largest insurers in the country allow us to provide you with a level of security unmatched in the industry.
