

# WHAT WE LOVE ABOUT OUR HOME

## 83 N CURLY WILLOW CIR

<i>FLOOR PLAN</i>	We fell in love with the grand entrance of the home. Both the grand stairway and the foyer are wider than any other home we have seen and we love that the formal dining is open to both the wet bar and the rest of the living area. We view the pool and vast expanse towards the Mitchel Preserve from our kitchen, living area, and primary bedroom.
<i>POOL/SPA CABANA BATH AND CLOSET</i>	The unique shape of the pool extends along the back property and was uniquely designed for this property by Marquis Pools. The spa can fit up to X people and the full pool bath is definitely convenient for both our family and guests. We often grill outside under one of two covered patios.
<i>SOUND SYSTEM</i>	The Sonos speakers in the living area and outdoor patio make the home come alive during parties. Media room in wall speakers provide amazing sound.
<i>TECHNOLOGY</i>	The Cat5 wiring gives us faster connection.
<i>NEIGHBORHOOD</i>	We love our neighbors and have enjoyed the camaraderie and sense of safety. The neighborhood FB group offers a village-like community and we often buy/sell from each other or trade advise. Neighborhood get togethers throughout the year. Neighborhood Watch sometimes invites Constable from Harris County Precinct 4 to update us on safety issues.
<i>AMENITIES IN CREEKSIDE</i>	NEW RESTAURANTS LIKE COSTA FINA, MONARCA, AND RISE SOUFFLE HAVE MADE CREEKSIDE EVEN MORE POPULAR. Not to mention the great Creekside schools, parks, splash pads, tennis courts and retail centers which provide the services we need.
<i>Back lot along GEORGE MITCHEL PRESERVE</i>	Our kids play soccer and football almost daily in the “back lot” that the Woodlands Township mows and maintains. It has continuously made improvements to detention area.
